

MARCO SCIREA

at the IT University of Copenhagen on 22 October 2015

teachIT – Supporting Qualitative Writing

has successfully completed the 2 hour workshop

The workshop consisted of the following discussions:

- In what ways is qualitative data different from quantitative data when writing a thesis?
- Handling issues of emergence alongside planning and flexibility
- Supporting students to produce a persuasive argument using qualitative material - tools and resources

Annelise Agertoft
Deputy Head
Research & Learning Support
